Thursday, June 11, 2020

12:00 p.m.-1:00 pm EST

Online broadcast through Zoom© video-conferencing:

<https://echo.zoom.us/j/9965460842>

Hana Winders, PharmD

Clinical Assistant Professor

Clinical Pharmacy & Outcomes Sciences

University of South Carolina College of Pharmacy

Activity planning committee members: Dr. Al-Hasan, Dr. Bookstaver, Dr. Bouchard, Dr. Justo, Dr. Weissman, Dr. Winders, Ms. Harrison, Mr. Layton, and Dr. Mardis disclosed that they have no relevant financial relationships.

Learning Objectives:

1. Apply the current standards for outpatient antimicrobial stewardship practice when solving complex patient or system challenges and improving antibiotic prescribing in ambulatory care settings.
2. Describe use of communication skills for improving antibiotic prescribing for bacterial vs viral infections.

There is no commercial support for this activity.

There is no fee for participation; program is funded by the South Carolina Center for Rural and Primary Healthcare

The University of South Carolina School of Medicine-Prisma Health–Midlands Continuing Medical Education Organization is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The USCSOM-PHR CME Organization designates this live activity for a maximum of *1.0 AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The University of South Carolina College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This activity is accredited for a total of 1.0 live contact hours (0.1 CEUs) for pharmacists (ACPE UAN 0062-9999-20-104-L01-P). This is an application-based learning activity. Participants must have their attendance documented, attend the entire activity, participate in all active learning activities, and complete the online evaluation (providing their correct NABP e-Profile ID and month/day of birth) within 30 days of the activity to ensure credit is transmitted to the NABP CPE Monitor. Any credit claimed greater than 60 days from the date of the activity will be automatically rejected by the NABP CPE Monitor.
