2019 SC GOVERNOR'S OPIOID SUMMIT

Learning Objectives for Pharmacists

TIME		SESSION, SPEAKER(S), AND LEARNING OBJECTIVES	LOCATION
		Thursday, September 5	
7:00AM-7:50AM		CHECK-IN AND CONTINENTIAL BREAKFAST	Upper Lobby
8:00AM-8:10AM		WELCOME	Ballroom A&B
8:10AM-9:30AM		 National Perspective and Federal Response to the Opioid Crisis Jim Carroll, Director, White House Office of National Drug Control Policy ACPE UAN 0062-9999-19-173-L03-P, 1.25 live contact hours At the completion of this activity, the pharmacist will be able to: 1. Explain national information and perspectives on the opioid epidemic including information on the Federal response 2. Describe details on strategies that are working and what is needed to keep addressing the opioid epidemic issue 3. Describe emerging threats and share information on how the nationwide addiction crisis is evolving with stimulant use on the rise 	Ballroom A&B
9:30AM	-9:45AM	BREAK & EXHIBITOR TIME	Lobbies
9:45AM	-11:00AM	BREAKOUT SESSIONS	
	Option 1	 Opportunities for Opioid Stewardship for South Carolina Children William Basco, MD, MS; Professor of Pediatrics, MUSC ACPE UAN 0062-9999-19-174-L04-P, 1.25 live contact hours At the completion of this activity, the pharmacist will be able to: Discuss findings from collaborative research efforts, along with pertinent national data, to identify opportunities to improve opioid prescribing to children in South Carolina Discuss opportunities to improve dosing accuracy, reduce excessive post-surgical prescribing, reduce prescribing for non-indicated conditions, reduce the prescribing of extended release opioids to opioid -naïve children Describe practical ways to translate research findings to policy initiatives to improve prescribing of opioids for South Carolina children 	Columbia C
	Option 2	 Dental Opioid Prescribing for the Management of Acute Pain Jenna McCauley, PhD; Assistant Professor, MUSC ACPE UAN 0062-9999-19-175-L04-P, 1.25 live contact hours At the completion of this activity, the pharmacist will be able to: Discuss pain management recommendations from the American Dental Association and American Association of Oral and Maxillofacial Surgeons Discuss data driven information regarding dental opioid prescribing patterns Summarize the science regarding dentists' implementation of recommended risk mitigation strategies such as drug monitoring program use and provision of patient education Discuss actionable pragmatic recommendations for mitigating opioid related risks in practice 	Carolina
	Option 3	 What is an independent recovery community organization (RCO)? Richard Jones, MA, MBA, LCAS, CCS, CEAP, SAP, EMDR-CERT Trauma Therapist; CE/COO, FAVOR Greenville Mike Malone; Senior Program Director, FAVOR Greenville Ed Johnson, LPC, LAC, MAC, CCS; Associate Director, Training and TA, Southeast South East Addiction Technology Transfer Center Robert E. Rice, BAJ, C.A.R.E.S., CPSS; Executive Director, FAVOR Piedmont Nicole Criss, Executive Director, FAVOR Grant Strand ACPE UAN 0062-9999-19-176-L04-P, 1.25 live contact hours At the completion of this activity, the pharmacist will be able to: 1. Discuss recovery community organizations (RCOs) in South Carolina 2. Recall facts related to RCO development 3. Discuss myths and differences between "peer support specialists" operating with institutional settings and peer support provided in grassroots community-based settings 	Congaree
	Option 4	Syndemic of Opioid Use Disorder, HIV, and HCV Alain Litwin, MD, MPH, MS; Chair of Academics and Research, Prisma Health/USC SOM Greenville	Lexington A

	Option 5	 Divya Ahuja, MD; Associate Professor, Prisma Health/USC SOM ACPE UAN 0062-9999-19-177-L01-P, 1.25 live contact hours <i>At the completion of this activity, the pharmacist will be able to:</i> <i>Discuss the epidemiology of HCV among Persons Who Inject Drugs (PWID) and effective strategies to enhance HCV testing, linkage to care, and treatment of PWID</i> Note: Session is offered again during the 1:30-2:45 pm breakouts. Credit may only be claimed once. PTSD, Chronic Pain and Opioid Use Disorders Therese Killeen, PhD, APN; Professor, MUSC Angela Moreland, PhD; Assistant Professor, MUSC ACPE UAN 0062-9999-19-178-L01-P, 1.25 live contact hours <i>At the completion of this activity, the pharmacist will be able to:</i> <i>Discuss assessment of trauma and post-traumatic stress disorder (PTSD) in patients receiving opioids and other medications with the use of assessment instruments and/or targeted questions that can be applied to primary care</i> <i>Discuss common trauma triggers that may exacerbate or unfold in underlying PTSD</i> Describe the management of PTSD symptoms within context of medication 	Lexington B
		assisted therapy and tapering off opioid medication 4. Discuss best practice, evidence-based psychosocial therapies Drug Courts: An Evidence Based Alternative	
	Option 6	 Judge H. Bruce Williams; South Carolina Court of Appeals ACPE UAN 0062-9999-19-179-L03-P, 1.25 live contact hours At the completion of this activity, the pharmacist will be able to: 1. Discuss drug courts as an innovative alternative to incarceration that have served as a foundation for other justice reforms serving those with substance use and mental health disorders 	Richland AB
11:00A	M-11:45AM	BREAK & EXHIBITOR TIME	Lobbies
	M-12:30PM	BREAKOUT SESSIONS	
	Option 1	 Recovery-Oriented Medication-Assisted Treatment John Emmel, MD; Medical Director, DAODAS Christine Martin, LMFT, CACII; Director of Clinical Services, Center for Behavioral Health ACPE UAN 0062-9999-19-180-L01-P, 1.25 live contact hours At the completion of this activity, the pharmacist will be able to: 1. Discuss opioid addiction as a chronic disease 2. Outline medications that are indicated for medication-assisted treatment 3. Discuss counseling strategies to assist in recovery 	Columbia C
	Option 2	 Addressing the Opioid Epidemic through Primary Care Vanessa, Diaz, MD, MSCR; Professor, MUSC Marty Player, MD, MSCR; Associate Professor, MUSC Samuel Schumann, MD, MSCR; Assistant Professor, MUSC ACPE UAN 0062-9999-19-181-L04-P, 1.25 live contact hours At the completion of this activity, the pharmacist will be able to: 1. Explain findings from recent Health Resources and Services Administration funded initiatives to improve education regarding opioid use disorder (OUD) and to improve clinical care within primary care sites 	Lexington A
	Option 3	 Stigma, Opioid Use and Overdose: What's the Relationship? Ed Johnson, LPC, LAC, MAC, CCS; Associate Director, Training and TA, South East Addiction Technology Transfer Center ACPE UAN 0062-9999-19-182-L04-P, 1.25 live contact hours At the completion of this activity, the pharmacist will be able to: 1. Recognize the stigma of opioid use and how the media, service providers, and law enforcement perpetuate the stigma and can play a critical part in reducing the stigma 	Lexington B
	Option 4	 Training Primary Care Providers to Provide Medication Assisted Treatment for Opioid Use Disorder in South Carolina Paul Bornemann, MD; Associate Professor, USC SOM Alec DeCastro, MD; Program Director, MUSC/Trident Family Medicine Residency Ann Lefebvre, MSW, CPHQ; Executive Director, SC AHEC ACPE UAN 0062-9999-19-183-L04-P, 1.25 live contact hours At the completion of this activity, the pharmacist will be able to: 1. Discuss current efforts to implement mediation assisted treatment (MAT) training in family medicine residency programs in South Carolina through a partnership between SC AHEC, DAODAS, and the sponsoring institutions of the family medicine residencies 	Richland AB

Option 5	 The State of Opioid Use in South Carolina: What the Data is Showing Us Sazid Khan, PhD; State Epidemiologist, Division of Research and Evaluation, DAODAS Daniela Nitcheva, PhD; Director, Division of Biostatistics, Vital Statistics, SC DHEC Elizabeth Ferree, MS; Informatics Director, Bureau of Health Improvement and Equity, SC DHEC Christie Frick, RPh.; Director, Prescription Monitoring Program, Bureau of Drug Control, SC DHEC ACPE UAN 0062-9999-19-184-L04-P, 1.25 live contact hours <i>At the completion of this activity, the pharmacist will be able to:</i> <i>Identify the opioid-related data publicly available on the Justplainkillers Website.</i> <i>Discuss the breakdown of opioid-related mortality across the state</i> <i>Recognize the South Carolina Reporting & Identification Prescription Tracking System</i>) <i>Recall the demographic breakdown of the population seen at state-funded treatment facilities</i> Locate data dashboards developed for public use 	Carolina
Option 6	 Jails: Frontline Opioid Epidemic Responders Andrew Klein, PhD; Project Director, RSAT-TTA; Senior Scientist for Criminal Justice, Advocates for Human Potential ACPE UAN 0062-9999-19-185-L04-P, 1.25 live contact hours At the completion of this activity, the pharmacist will be able to: Describe the challenges jails face and how they are confronting them Review two models of jail detoxification and medication-assisted treatment programs for detainees in Louisville, Kentucky and Essex County, Massachusetts 	Congaree Ballroom AB
1:30PM-2:45PM	BREAKOUT SESSIONS	Damoon AD
Option 1	Open Recovery Meeting	Richland AB
Option 2	 Opioid Update from the South Carolina Law Enforcement Division (SLED) Forensic Laboratory Wendy Bell; Captain, Forensic Operations, SLED ACPE UAN 0062-9999-19-186-L03-P, 1.25 live contact hours At the completion of this activity, the pharmacist will be able to: 1. Discuss current trends in drug cases for the state of South Carolina with an emphasis on opioids 2. Discuss challenges with complex drug cases encountered by the South Carolina Law Enforcement (SLED) 	Ballroom C
Option 3	 Syndemic of Opioid Use Diorder, HIV, and HCV Alain Litwin, MD, MPH, MS; Chair of Academics and Research, Prisma Health/USC SOM Greenville Divya Ahuja, MD; Associate Professor, Prisma Health/USC SOM ACPE UAN 0062-9999-19-177-L01-P, 1.25 live contact hours At the completion of this activity, the pharmacist will be able to: 1. Discuss the epidemiology of HCV among Persons Who Inject Drugs (PWID) and 	Lexington A
	effective strategies to enhance HCV testing, linkage to care, and treatment of <i>PWID</i> Note: Session was also offered during the 9:45-11:00am breakouts. Credit may only be claimed once.	
2:45PM-3:00PM	PWID Note: Session was also offered during the 9:45-11:00am breakouts. Credit may only be claimed once. BREAK & EXHIBITOR TIME	Lobbies
2:45PM-3:00PM 3:00PM-4:30PM	PWID Note: Session was also offered during the 9:45-11:00am breakouts. Credit may only be claimed once.	Lobbies

	 Discuss future directions of ED-initiated treatment programs including future areas of research, potential sites for expansion, and sustainability and cost- effectiveness 	
Option 2	 New Directions in Pharmacotherapy for Opioid Use Disorders Kathleen Brady, MD, PhD; Vice President for Research, MUSC ACPE UAN 0062-9999-19-188-L01-P, 1.5 live contact hours At the completion of this activity, the pharmacist will be able to: 1. Recall recently completed as well as planned studies from the NIDA-funded Clinical Trials Network (CTN) 2. Review studies comparing long-acting, injectable formulations of buprenorphine to sublingual (SL) buprenorphine as well as studies comparing SL buprenorphine to injectable naltrexone 3. Describe studies of the utilization of MAT in criminal justice and emergency room settings 4. Discuss planned studies to investigate ancillary pharmacotherapies, studies of retention strategies, and investigations to try to determine optimal duration of treatment 	Lexington A
Option 3	 Medication Assisted Recovery Richard Jones, MA, MBA, LCAS, CCS, CEAP, SAP, EMDR-CERT Trauma Therapist; CE/COO, FAVOR Greenville Mike Malone; Senior Program Director, FAVOR Greenville ACPE UAN 0062-9999-19-189-L04-P, 1.5 live contact hours At the completion of this activity, the pharmacist will be able to: 1. Discuss the recovery experience using a pathway supported by buprenorphine and methadone 2. Discuss theory versus practice and multiple pathway philosophies 3. Discuss intellectual honesty and self-reflection 	Lexington B
Option 4	Policy Panel	Richland AB
Option 5	 The Role of Primary Care in Addressing the Opioid Epidemic Katherine Plunket, LMSW, MPH, CHES, PCMH CCE, Senior Manager of Quality Improvement, South Carolina Primary Health Care Association ACPE UAN 0062-9999-19-190-L04-P, 1.5 live contact hours At the completion of this activity, the pharmacist will be able to: 1. Describe data trends for behavioral health and substance use disorder treatment in South Carolina's community health centers 2. Outline models of opioid use disorder (OUD) treatment in a patient-centered primary care setting 3. Describe how service integration (i.e. primary care, substance use disorder, behavioral health, dental, chiropractic, HIV care) improves patient outcomes, reduces stigma, and supports a culture of recovery 4. Identify key operational and workforce considerations impacting primary care providers delivering high quality OUD treatment services 	Carolina
Option 6	 Beyond Street and Treat Gregory Colbath, MD, MS; Orthopedic Surgeon, SRHS Sue O'Brien, MA; CEO, The Forrester Center for Behavioral Health ACPE UAN 0062-9999-19-191-L04-P, 1.5 live contact hours At the completion of this activity, the pharmacist will be able to: 1. Discuss utilization of resources and partnerships to build a coalition to combat the opioid crisis 2. Review the positive results of a successful partnership between a hospital and treatment agency 	Congaree

The University of South Carolina College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. A maximum of 8.75 live contact hours of knowledge-based continuing pharmacy education (from a total of 28 accredited activities) is available to pharmacists.

UANs are displayed in conjunction with the individual sessions above). A maximum of 6.5 live contact hours are available on Thursday and a maximum of 2.25 live contact hours are available on Friday. To claim credit, participants must sign-in at the registration table at the beginning of the day and attend each session for which they claim credit in its entirety, participating in all active learning activities and completing all learning assessments. No partial credit for attendance at a portion of a session will be issued. Participants must complete online evaluations for each session they attended within 30 days (providing their correct NABP e-Profile ID and month and day of birth) in order to ensure their credit will be reported to the NABP CPE Monitor. The NABP CPE Monitor will not accept any credit claimed after 60 days.

Friday, September 6			
7:00AM-8:00AM	CHECK-IN AND CONTINENTIAL BREAKFAST	Upper Lobb	
3:00AM-9:30AM	One Family's Desperate Fight Against Addiction	Columbia	
0.20414 0.45414	Penny Grieb, Jessie Grieb BREAK & EXHIBITOR TIME	AB Lobbies	
9:30AM-9:45AM 9:45AM-10:45AM	BREAKOUT SESSIONS	Loppies	
Option 1	 Transforming Millennial Medical and Nurse Practitioner Students into EMPOWERed Community MAT Providers Alain Litwin, MD, MPH, MS; Chair of Academics and Research, Prisma Health/USC SOM Greenville Lauren Demosthenes, MD; Clinical Assistant Professor, OB-GYN, USC SOM Greenville Mary Ellen Wright, PhD, APRN, CPNP; Assistant Professor, Clemson University School of Nursing Margie L. Stevens, PhD, CRC; Research Program Coordinator, USC SOM Greenville ACPE UAN 0062-9999-19-192-L04-P, 1.0 live contact hours At the completion of this activity, the pharmacist will be able to: 1. Describe a transferrable, collaborative model to provide MAT training to nursing and medical students 2. Identify how MAT training can help students understand opioid use disorder (OUD) 3. Discuss how collaborating with the recovery community and incorporating a clinical MAT experience can enhance student understanding of OUD 	Carolina	
Option 2	 Describe future plans to expand student understanding of OUD Naloxone and Beyond Arnold Alier, EdD, NRP; Division Director of EMS, SC DHEC EMS & Trauma ACPE UAN 0062-9999-19-193-L04-P, 1.0 live contact hours At the completion of this activity, the pharmacist will be able to: Review EMS, Law Enforcement and Fire Department naloxone administrations in South Carolina and post rescue initiatives Note: Session is offered again during the 11:00am-12:15pm breakouts. Credit may only be claimed once. 	Congaree	
Option 3	 Tele-MAT and Tele-Mentoring for Substance Use Disorders in South Carolina: An Update Kelly Barth, DO, Associate Professor, MUSC Contstance Guille, MD, MSCR; Associate Professor, MUSC ACPE UAN 0062-9999-19-194-L04-P, 1.0 live contact hours At the completion of this activity, the pharmacist will be able to: 1. Discuss the development and expansion of telehealth services in South Carolina for substance use disorder, mental health and chronic pain 2. Describe statewide clinical Tele-Medicine efforts and future directions in substance use disorder, reproductive health, and mental health 3. Discuss outcomes to date and future directions for the state-wide Project Echo Tele-mentoring initiative in the area of substance use disorder and co-morbid conditions such as psychiatric illness and chronic pain 	Lexington A	
Option 4 Option 5	 Types of Child Maltreatment, Child Welfare Involvement, and Service Provision Among Trauma-Impacted Children of Opioid Using Mothers Angela Moreland, PhD; Assistant Professor, MUSC ACPE UAN 0062-9999-19-195-L04-P, 1.0 live contact hours At the completion of this activity, the pharmacist will be able to: Identify opioid use disorder (OUD) as a significant risk factor associated with child maltreatment Discuss the link between OUD and child trauma exposure Describe comparative outcomes in children of mothers with OUD to users of other substances Shining a Light on Recovery Housing: Engaging Long-Term Recovery Community Providers and Consumers Mike Todd, President of South Carolina Alliance of Recovery Residences, Freedom Recovery Center Dave Sheridan, President of the National Alliance for Recovery Residences 	Lexington E	

	 Discuss the importance of recovery residences to extend recovery services and help citizens attain long-term recovery Identify partnerships with state agencies and a national organization to help 	
	citizens who are struggling with substance abuse disorder	
10:45AM-11:00AM	BREAK & EXHIBITOR TIME	Lobbies
11:00AM-12:15PM	BREAKOUT SESSIONS	1
Option 1	 Assessing the Needs of Front-Line Providers in Addressing the Opioid Crisis in South Carolina Angela Moreland, PhD; Assistant Professor, MUSC ACPE UAN 0062-9999-19-197-L04-P, 1.25 live contact hours At the completion of this activity, the pharmacist will be able to: 1. Identify the first step toward enhancing implementation and dissemination of Medication-Assisted Treatment for Opioid Use Disorder (OUD) across South Carolina 2. Discuss a needs assessment from 33 agencies regarding medical providers and patients seen within agencies as well as follow-up data to assess change 	Lexington A
Option 2	 Naloxone and Beyond Arnold Alier, EdD, NRP; Division Director of EMS, SC DHEC EMS & Trauma ACPE UAN 0062-9999-19-193-L04-P, 1.0 live contact hours At the completion of this activity, the pharmacist will be able to: Review EMS, Law Enforcement, and Fire Department naloxone administrations in South Carolina and post rescue initiatives Note: Session was also offered during the 9:45-10:45am breakouts. Credit may only be claimed once. 	Congaree
Option 3	 Community Capacity Building for Prevention, Treatment, and Recovery Pam Imm, PhD; Community Psychologist Susan Boykin Mill; Co-Founder, The Courage Center Jeremy Martin, MSW; Vice President, Intervention and Treatment, LRADAC ACPE UAN 0062-9999-19-198-L04-P, 1.25 live contact hours At the completion of this activity, the pharmacist will be able to: Discuss a model to promote the continuum of services for prevention, treatment, and recovery of alcohol and drug use Discuss how stakeholder groups can collaborate to ensure a well-defined service model that includes coordination from prevention to recovery with a focus on youth and young adults Identify how each stakeholder in the model operates in the community for their specific focus and collaborates to ensure continuity of services 	Richland AB
Option 4	Supporting Our Students Akil Ross, Med, PhD; Speaker, Palmetto Foundation for Prevention and Recovery ACPE UAN 0062-9999-19-199-L04-P, 1.25 live contact hours At the completion of this activity, the pharmacist will be able to: 1. Recall the range of services offered by the Palmetto Foundation for Prevention and Recovery	Lexington B
Option 5 12:15PM-2:30PM	Access to Naloxone in South Carolina: Legislative, Legal and Programmatic Evolution Joseph Shenkar, JD; General Counsel, SC DAODAS Michele Neinhius, MPH; Prevention and Intervention Manager, SC DAODAS ACPE UAN 0062-9999-19-200-L03-P, 1.25 live contact hours At the completion of this activity, the pharmacist will be able to: 1. Review the evolution of the laws in South Carolina and the naloxone programs that were created pursuant to these laws 2. Discuss misconceptions about access to naloxone Lunch & Closing Plenary: Perfektly Broken; Mark Lundholm	Carolina
12.101 WI*2.30F WI	Lunch & closing rienary. Feneraly bloken, wark Lunchonn	Ballroom AB
