**RSFH Mt. Pleasant Hospital
1st Floor Classroom
3500 Hwy 17 North
Mt. Pleasant, SC 29466**

or

Saturday, June 6, 2020

9:00am - 1:15pm

**Lowcountry AHEC
87 Academy Road
Walterboro, SC 29488**

Description:

The 2020 Pharmacy Technician Continuing Education Program will provide 4 hours of CE credit. The session will cover: medication safety, an immunization update, and law content on the "third class" of drugs. Attendees will participate in active learning activities to apply concepts learned through each of the individual sessions.

Course Instructors:

Kristy L. Brittain, PharmD, BCPS, CDE

Associate Professor, South Carolina College of Pharmacy/Clinical Pharmacy Specialist, Medical University of South Carolina

Objectives:

***Medication Safety: Error, Human Factors and Harm Workshop (9:10am - 11:10am)
(ACPE UAN 0062-9999-20-027-L05-T, application-based activity, 2.0 live hours)***

At the completion of this activity, the participant will be able to:

- Describe a framework for improving patient safety
- Identify elements of a culture of safety and models of error
- Discuss human factors and their impact on our daily actions
- Apply knowledge to a human factors exercise
- Assess a safety scenario/event and recommend a plan of action to improve medication safety
- Describe and practice skills in defining safe systems

Immunization Update 2020 (11:15am - 12:15pm)
(ACPE UAN 0062-9999-20-028-L06-T, application-based activity, 1.0 live hour)

At the completion of this activity, the participant will be able to:

- Discuss the collective role of health care professionals in immunization practices
- Discuss and share recent activity of influenza within South Carolina and the nation
- Summarize recent changes to ACIP and CDC recommendations for adults
- Obtain patient-specific information to identify vaccine needs or contraindications

Law: The "Third Class" of Drugs (12:15pm - 1:15pm)
(ACPE UAN 0062-9999-20-029-L03-T, knowledge-based activity, 1.0 live hour)

At the completion of this activity, the participant will be able to:

- Discuss regulatory and legal aspects of distribution of non-prescription drugs in the United States
- Define the "third class" of drugs and how this is practiced in other countries
- Identify current restrictions on the de facto third class of drugs, including pseudoephedrine, naloxone, emergency contraception, and vaccines
- Discuss practices and potential expansion of the de facto third class of drugs in the United States

Target Audience:

Pharmacy Technicians

Continuing Education Credits:

The University of South Carolina College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This program is accredited for a maximum of 4 live contact hours (0.4 CEUs) for pharmacy technicians.

To claim credit, participants must sign-in at registration at the beginning of the day and attend each activity in its entirety. No partial credit for partial attendance at activities will be issued. Participants must complete online evaluations for each activity within 30 days (providing their correct NABP e-profile number and day/month of birth) in order to have credit reported to the NABP CPE Monitor. All credit must be claimed and reported within 60 days.

Fees, Registration & Course Information:

Non-Members: \$55.00

Consortium Members: \$15.00

***Pre-payment is required before class. There will be no monies on site.**

***Please go to our website www.lcahec.com to register.**
