**CONTINUING EDUCATION CREDIT (Accreditation Statement)**

The University of South Carolina College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

These activities are accredited for a maximum of **8 live contact hours (0.8 CEUs)** for pharmacy technicians (UANs and credit hours as specified above). To claim credit, participants must register for the event, have their attendance at the live event verified, participate in all active learning activities, and complete all learning assessments during the activity. Participants must attend an hour-long session in its entirety to claim credit; no partial credit will be issued. Participants must complete an online evaluation within 30 days (providing their correct NABP e-Profile ID and month/day of birth) in order to ensure credit is reported to the NABP CPE Monitor. The CPE Monitor will automatically reject all credit claimed and reported greater than 60 days from the date of the live activity.

Please visit <http://cop.sc.learningexpressce.com> to contact the CPE provider with any questions regarding CPE credit.

**Learning Objectives, UANs and credit hours for each activity are on page 2.**

**Questions:** Angie Cothran, [ascothran@srhs.com](mailto:ascothran@srhs.com)

## **AM Session Learning Objectives**

### **I. Medication Safety: Safe Medication Practices for Patients**

*(ACPE UAN 0062-9999-21-058-L05-T, 1 credit hour, application-based)*

1. Discuss potential patient practices that may increase risk
2. Identify credible information resources patients may utilize or reference
3. Recommend home-based practices to improve safety during the medication use process

### **II. Pharmacy Law: Safe Disposal of Medications**

*(ACPE UAN 0062-9999-21-059-L03-T, 1 credit hour, application-based)*

1. Discuss the environmental impact of improper medication disposal
2. Recommend appropriate strategies for safe disposal of medications based on the type of medication
3. Summarize legal requirements of the DEA's Drug Disposal Act

### **III. Over-the-Counter Options for Pain**

*(ACPE UAN 0062-9999-21-060-L08-T, 1 credit hour, application-based)*

1. Identify patients with pain that are candidates for self-treatment
2. Compare OTC treatment options including non-pharmacologic and pharmacologic products
3. Identify red flags in pain management that warrant referral to a primary care or urgent care provider

### **IV. Managing Our Time: Improving Presence & Productivity**

*(ACPE UAN 0062-9999-21-061-L04-T, 1 credit hour, application-based)*

1. Analyze your daily schedule
2. Identify opportunities in all models, including focus, task, social, connection and recharge
3. Set a goal to build margin to your daily schedule
4. Create a self-care habit goal
5. Share resources with the collective group

## **PM Session Learning Objectives**

### **I. Medication Safety: Principles of Medication Safety**

*(ACPE UAN 0062-9999-21-062-L05-T, 1 credit hour, application-based)*

1. Describe a framework for improving patient safety
2. Identify elements of a culture of safety and models of error
3. Discuss human factors and their impact on our daily actions
4. Assess a safety scenario/event and recommend a plan of action to improve medication safety

### **II. Pharmacy Law: Controlled Substances and Opioids**

*(ACPE UAN 0062-9999-21-063-L03-T, 1 credit hour, application-based)*

1. Explain the risk associated with opioids and the current state of the opioid epidemic in South Carolina and the United States
2. Describe risk reduction strategies, including utility of prescription monitoring programs for controlled substances and overdose prevention programs
3. Provide recommendations to patients and caregivers on appropriate storage and disposal of controlled substances

### **III. Immunization Update 2021**

*(ACPE UAN 0062-9999-21-064-L06-T, 1 credit hour, application-based)*

1. Discuss implications of the HHS Prep Act and associated amendments on vaccination programs
2. Recommend appropriate practices for vaccine administration & emergency management
3. Summarize recent changes to ACIP and CDC recommendations for pediatric & adult patients

### **IV. Pain Management: Options Beyond Opioids**

*(ACPE UAN 0062-9999-21-065-L08-T, 1 credit hour, application-based)*

Objectives:

1. Discuss classifications of pain based on clinical presentation
2. Differentiate treatment options including non-pharmacologic, pharmacologic and multimodal analgesia
