**32nd Annual Diabetes Management Conference**

**Thursday, November 7, 2019**

**7:00 a.m. – 5:00 p.m.**

**Registration: 7:00 a.m.**

**Program: 7:50 a.m.**

**Speakers Presentation slides** (when available) will be posted ONLINE by October 31. You may print or save on your electronic device to take to the program.

**PROGRAM DESCRIPTION**

This one-day program will present diverse topics in relation to diabetes management and diabetes across the continuum of life. The topics to be discussed: Cardiovascular Outcomes Trials (CVOT), Diabetes & Chronic Kidney Disease, Inpatient Diabetes management, Non-Alcoholic Steatohepatitis (NASH) and Continuous Glucose Monitoring (CGM).

The goal of this program is to provide healthcare providers the knowledge and tools to assist them in providing quality care related to diabetes management. There will be opportunities for networking and visiting with exhibitors.

**LEARNING OUTCOMES**

At the completion of this workshop, the participant will be able to:  
(In reference to diabetes management)

- Discuss the importance of cardiovascular outcome trials (CVOT) in diabetes and the impact on decision-making
- Describe the relationship of diabetes and chronic kidney disease, including prevention and intervention
- Identify insulin safety measures in inpatient setting
- Recognize the relationship between Nonalcoholic Steatohepatitis (NASH) and diabetes
- Explain Continuous Glucose Monitoring (CGM) basics and interpret downloads for optimal diabetes management
